SATURDAY, JULY 31, 1858.

Hon. R. J. Dawson a Candidate for Judge.

Who shall we nominate for Congress.

We were a little surprised on Wednesday by the reception of a dispatch announcing that Mr. Dawson had consented to be a candidate for Judge of the 10th Judicial Circuit. We had understood that he was a candidate for Congress and that impression seemed to be general. In fact it seemed to be conceded that he was the candidate, and that there would be no opposition to his nomination. The Delegates to the Congressional Convention from this county were nominated with this express understanding. His coming out now for Judge, and not for Congress, has excited considerable astonishment.

This morning we received the DeKalb Co. Democrat, containing a circular from Mr. Dawson, in which he states that he has yielded to the desires of his friends of the Democratic party, in fact of all parties, and "will not feel at liberty to decline a nomination, if tendered with a hearty good will to Kendallville, on the 13th of August next." We think his course on this occasion is ill-considered, and will result in disappointment. There could have been no doubt of his nomination for Congress, but we think his chance for the Judgeship extremely problematical, and are of the opinion that he will be defeated by Mr. Carr.

The question now is, who shall we nominate for Congress? There are, we believe, no candidates in Allen Co. but we have heard of many one elsewhere prominently brought forward. Mr. Graves of Kosciusko Co. has been spoken of, and if he would accept the nomination, he would receive the hearty support of Allen Co. He is a worthy and able man, and a thoroughbred, dyed-in-the-wool democrat, which is no small merit in a man living in such a benighted (politically) region as Kosciusko County.

From Honolulu.—We have received a Honolulu paper of the 27th May, from which we learn the Hon. J. W. BOWEN, U. S. Commissioner to the Sandwich Islands, arrived safely at that place on Thursday, May 20th. On the following Tuesday he presented his credentials, and was received in due form by his most sacred majesty King Kamehameha. On the same evening the American residents formed a torch-light procession and called upon Judge Bowen, and Mr. Gregg, his predecessor. Complimentary speeches were made on both sides, and duly reported in the papers. The clergy of the island also made a complimentary visit to the new Commissioner and paid their respects to him. His reception thus far has been highly flattering.

On the day of the arrival of the Hon. Commissioner, we notice by the Honolulu papers that her most sacred majesty the Queen was safely delivered of a son and heir—a royal prince—an event which caused quite an excitement in diplomatic circles, and was duly honored by official calls, congratulatory addresses, presents, &c. The auspicious event is commented upon in most glowing and loyal terms by the papers. Since the birth of the Prince Imperial of France, we have not seen anything quite equal to the ceremonies observed on this most august and interesting occasion.

Hon. Wm. NICHOLAS has been unanimously re-nominated for Congress by the democrats of the 14 Congressional District.

JOHN W. BLAKE, of Clinton Co. is nominated by the democrats of the 8th district.

Met with his just Deserts.—The republican convention for Ohio and Switzerland counties, nominated Benjamin L. Robinson for Senator over Col. Popper, renegade democrat, only giving the latter 3 votes! Verily the way of the transgressor is hard. Poor Popper was induced by the republicans to come out in opposition to the democratic candidate, by promise of support, and now they unfeelingly thrust the poor fellow aside, and only give him 3 votes for consolation. His fate is hard, but it is just, and what all traitors ought to meet with. May he serve as a warning to others.

Pittsburgh, Fort Wayne & Chicago Railroad.

The Pittsburgh, Fort Wayne and Chicago Railroad Co. have reduced their rates of fare on through tickets from Chicago to New York, says the Gazette and Register, from twenty-two to twenty dollars, making the same as low as of any other route. We believe a large increase of through traffic will warrant this reduction, which the action of competing routes has made imperative. Connected with that splendid monument of the Engineer's skill, and living evidence of excellent management on the part of its Officers—the Pennsylvania Central to Philadelphia, and the New Jersey Railroad Company to the New York—being by far the shortest route in the actual number of miles run, and possessing in its ample equipment, easy carriages, and stone ballasted road, a great superiority in attraction to the traveler, over that of its competitors, we believe that an unusual degree of patronage on the part of the public will attest the wisdom and judiciousness of this recent action on the part of this road. Passengers are directed through from Chicago to New York on this route only.

The earnings of the Pittsburgh, Fort Wayne and Chicago Railroad for the month of June were about \$24,000.

Wm. C. Conroy has resigned the Presidency of the Bank of Fort Wayne, and has been elected to the office of Cashier.

Free School Pic-Nic.

The Free School Pic-Nic on Tuesday last was well attended, and every thing went off harmoniously and satisfactorily, not a single accident or unpleasant feeling occurring to mar the pleasure of the day. At eight o'clock, precisely, two large trains, each with a well filled car, and passengers of all ages and conditions, left our depot for Warsaw. At Columbus about 100 additional passengers joined the party, and after a pleasant ride of about two hours and a half the whole arrived at Warsaw, where they were met and welcomed by a large concourse of the citizens of that pleasant and thriving village. The party then proceeded to a fine shady grove adjoining the town, and commenced the day's proceedings, a programme of which will be found below. Hon. S. Hanna, was appointed President of the day. A number of short and pithy speeches were made by citizens of Fort Wayne and Kosciusko County, advocating the cause of public education. The committee had prudently limited the speakers to ten minutes each, by which judicious arrangement the attention of the audience was secured, and they were spared the fatigue and weariness of listening to long and tedious harangues.

The speeches were all excellent and equally deserving commendation; but without wishing to make an invidious distinction, we feel it is due especially to commend the one made by Master Charles McCulloch, one of the students of our free school, which for the facts and arguments it contained, the beauty and excellence of its language, and the ease and grace of its delivery, would have been creditable to the ablest and most experienced public speaker on the ground. The exercises were agreeably diversified by martial music, and singing by the school children, and the Summit City Harmonic Society, and the Warsaw Glee Club.

At noon a recess was taken for dinner. The company dispersed into little groups, and snugly ensconced themselves in the shady recesses of the grove, brought into requisition a store of well filled baskets, &c. and did full and ample justice to their sumptuous and varied contents. We venture to say that none ever enjoyed a meal better than they did that picnic under the trees in that beautiful grove.

After the exercises were concluded, time was allowed for a stroll through the town and along the margin of its charming lake. The company then returned to the grove, and about 8 o'clock arrived safely at Fort Wayne, much delighted with the trip. Gen. Elwell acted as Chief Officer of the day, and to his active exertions and judicious arrangements much of the satisfaction felt may justly be attributed.

The following is the programme of the proceedings held on the occasion:—

Reception Speech by Hon. — Reunion, of Warsaw.

Response by Judge Hanna, of Fort Wayne. Prayer by Rev. Mr. Stabler, of Warsaw.

Song by Free School.

Speech by Mr. C. A. Irwin, Superintendent of Free School.

Speech by Hon. Wm. Beckwith.

On Motion, Hon. Charles Carr, Dr. C. E. Searles, and Dr. H. P. Ayer, were appointed a committee to prepare a resolution expressive of the sense of the meeting.

And then, after a song by the Warsaw Glee Club, a recess was taken for dinner.

After dinner, the committee reported the following resolutions, which were unanimously adopted:

Resolved, That we, the citizens of Indiana, hold that the education of all the children in the state, is the only efficient way to perpetuate our religious liberty and free institutions; for which we demand the intelligent action of all her citizens.

Resolved, That we recognize the present democratic movement in regard to the education of the rising generation, as indicative of a day when every son and daughter of Indiana shall be thoroughly educated.

Resolved, That we will endeavor to establish schools, which shall be free to all—all grades, classes, and conditions; and to secure such results, will direct our untiring efforts.

Resolved, That the citizens of Fort Wayne gladly welcome to the festivities of this occasion, the citizens of Warsaw, and other participants, and that they are ever ready to extend to them the warmest and most cordial welcome.

Resolved, That we will endeavor to establish schools, which shall be free to all—all grades, classes, and conditions; and to secure such results, will direct our untiring efforts.

an outstanding circulation of \$34,055! Its disbursements amount to \$127,917, chiefly to parties living out of the state. The same parties also took the stock of the Shamokin Bank, paying for it in the Toga notes, and speedily discounted the amount of \$79,000 to two parties in New York. The circulation of this concern amounts to \$24,000, and the stock to \$23,321. Notes of this bank to the amount of \$2,000 were used to pay a first instalment of stock for the McKean Co. Bank; and an attempt was also made to take stock in a new bank at Phoenixville with Toga money, but the commissioners objecting, the subscription was withdrawn, and the speculation fell through.

This shows up a very pretty specimen of Wildcat financing, and should put the public on their guard against speculators in Bogus Banks. The editor of the Republican, in his efforts to prove that the democratic party, in the past 25 years, had been bank and anti-bank, tariff and anti-tariff, having unwittingly demonstrated the very reverse, and shown that it had been uniformly anti-bank and anti-tariff, is now willing to drop the subject, and tacitly acknowledge its falsehood of the charge. He now asserts that the democratic party is "an intensely pro-slavery party." Let us have the proof of this, neighbor, and see if you can succeed any better than you did in your former efforts.

State Bank Notes.—James M. Ray, Cashier of the State Bank of Indiana, gives notice through the Indianapolis papers that on the first day of January next the charter powers of the State Bank of Indiana cease, and no provision for the redemption of the notes of the Bank which may be left outstanding has been made.

All persons are warned of such an expiration of the charter of the Bank, and to present all the outstanding circulation to the proper branches, without delay, for redemption.

DANIEL MADER has bought out the establishment of J. B. White, tailor and draper, over Evans & Co's Store, and is ready to attend to all calls from those wishing to adorn their man with neat, fashionable, and well-fitting garments. He is a good workman, and will do his work in the best and most thorough style, and will in all cases make his charges as low as possible. He deserves public patronage, and his customers will doubtless find they save money by employing him.

At a meeting held by the democracy of St. Joseph township, at the Centre School House, on the 24th day of July, 1858, for the purpose of appointing delegates to the County Convention, JOSEPH CHORREY was appointed President, and G. W. BRACKENRIDGE Secretary. The following were appointed delegates to said convention: Stephen Shorden, J. Sappington, G. W. Brackenridge, Wm. Rossington, P. Parker, Casper Kerr, M. C. Daniels.

And the following were appointed contingents: Stephen Sithens, August Bloom, and Richard Jansen.

Presentation of the U. S. Commissioner. On Tuesday last, Hon. D. L. Gregg waited on His Majesty for the purpose of presenting his successor, as Commissioner of the United States of the Hawaiian Islands.

Having congratulated His Majesty upon the happy advent of the young Prince of Hawaii, he alluded in complimentary terms to Mr. Borden, and concluded by presenting him as Commissioner of the Hawaiian Islands.

His Majesty replied to Mr. Gregg. He assured him of the solicitude felt on the part of the United States for the stability of Hawaiian institutions, and the advancement and prosperity of the Hawaiian people.

The price for which these pieces of property were disposed of is sufficient evidence of the outrageous prices which were exacted in their sale. The property which belonged to Mr. Hockaday, and for which he had paid taxes on an assessment of \$12,000 in the year 1856, was sold for \$125, with all the fixtures and stock, the value of which was estimated at \$100,000. With such a feeling, showing itself in such a manner, a peace looks like a mere farce. An ostensible business may be made, but continual hindrances and difficulties will be thrown in the way of the officers, till they get sick of their situation and refuse to serve. This we expect, instead of open resistance, is to be the policy of the Mormons.

The Tribune writer adds, that there is no money at the city but Mormon gold, and little of the "Deseret Currency Association," payable in "live stock" when \$100 are presented. Rather a queer currency. There is no silver there. The Mormon guard still parades under arms twice a day. Brigham's first wife, it is said, remains in the city.

St. Louis, July 26.
From Utah.—Despatches from St. Joseph (22d) announce that the Mormons, who had been driven from Salt Lake City by the third day of July, had returned to their homes in different parts of the Territory. General Johnston passed through the city and encamped thirty miles on the other side of Salt Lake. Blackberry Receipts.
As we are now in the midst of the Blackberry season, a few receipts for different ailments, which may be acceptable to our fair readers:

Blackberry Cordial.—The following is said to be not only an excellent beverage, but a cure for diarrhea, &c. To have a bushel of blackberries, well washed, 1 lb of allspice, 2 oz of cinnamon, 3 oz of cloves, Pulverize well, mix, and boil slowly till properly done. Then strain or squeeze the juice through muslin flannel, and add to each pint of juice one pound of sugar. Boil for some time, take it off, and while cooling, add half a gallon best cognac brandy. Dose for an adult, half a gill; for a child teaspoonful or more, according to age.

Blackberry Wine.—Gather when ripe, on a dry day. Put into a vessel with the head out, and a tap fitting over the bottom, pour on them boiling water to cover them. Mash the berries with your hands, and let them stand uncovered till the pulp rises to the top and forms a crust in 3 or 4 days. Then draw off the fluid into another vessel, and to each gallon add one pound of sugar, mix well and put into a cork to work for a week or 10 ten days, and throw off any remaining lees, keeping the casks well filled particularly at the commencement. When the wine has cooled, bring it down: after 6 or 12 months it may be bottled.

Another Receipt for making Blackberry Wine.—The following receipt for making Blackberry wine is given by the Richmond American. Measure your berries and bruise them, to every gallon add a quart of boiling water. Let the mixture stand 24 hours, stirring occasionally; then strain off the liquor into a cask, to every gallon adding two pounds of sugar; cork tight and let it stand till the following October, and you will have wine ready for use, without further boiling or straining, that will make your lips smack, and they never cracked before under similar circumstances.

Blackberry Jam.—Gather the fruit in dry weather; allow half a pound good brown sugar to every pound fruit; boil the whole together gently for an hour, or till the blackberries are soft stirring and mashing frequently; then strain it like any other jam, and it will be found very useful in families, particularly for children—regulating their bowels and enabling you to dispense with cathartics. It may be spread on bread, or on puddings, instead of butter; and even when the blackberries are bought it is cheaper than butter.

Blackberry Wine and Cordial.—We add another receipt which has been extensively published, and is highly commended. It is as follows: To make a wine equal in value to Port, take ripe blackberries or dewberries and press them, let the juice stand 24 hours, then strain it, and whatever rises it; then barrel it until March, when it should be carefully racked and bottled.

Blackberry Cordial is made by adding one pound of white sugar to one gallon of blackberries, allowing them to stand 12 hours, then pressing out the juice, straining it, adding one third spirit, and putting a teaspoonful of finely powdered allspice in every quart of cordial, it is at once fit for use. This wine and cordial are very valuable medicines, in cases of weakness of stomach and bowels, and are especially valuable in the summer complaints of children.

A letter from Highland Co., Ohio, to the Cincinnati Gazette, states that no instance of an organized band of counterfeiters, whose headquarters are in Philadelphia, while its members are scattered throughout various parts of the Union, has just been discovered. A farmer named Messinger, who resides in the town of several institutions, which proved to be all spurious. Messinger, when confronted, confessed that he had received the money from certain parties in Philadelphia, and produced letters in relation to the matter. In the case of the existence of a large society of counterfeiters, "The Mystic Circle of Alchemy." The letters are written in cypher, and are signed with fictitious names. The password for the present year is "entering are sworn to secrecy, in the case of the word 'pills' is used to represent bogus coin, and 'powders' designates counterfeit paper.

Railroad Matters.—From the New York Tribune we learn that the Directors of the Erie Road had a meeting to-day at which the arrangement agreed upon at Philadelphia some months since between the representatives of the Philadelphia and Erie, Pennsylvania Central, New York Central, and Hudson River Roads was rejected unanimously. The Hudson River Road also, we understand, refused this agreement. It was very much the same as the previous one, which, it is charged, the Central repeatedly violated. At the meeting of the Central Directors, who were, however, decided in their opposition to the August dividend, but there was a disposition shown on the part of a portion of the Board to cut the amount down. The earnings of the Central in June show over \$100,000 decrease, the competition of the Erie, and the heavy freight having had a serious influence. The July receipts of the Erie, thus far, showing a falling off as compared with last July, the freight business being light. — Toledo Blade.

The Wine of California.—California, like Missouri, will soon rival Ohio in the product of native wine. There is one firm in San Francisco which produced last year two hundred thousand bottles of champagne, and the wine vineyard in Los Angeles. This is but one of many instances of California enterprise in winegrowing. Almost every State in the Union now adds its quota—state in many cases, but always increasing—to the annual product.

The Latest Gold Discovery in Iowa.—The editor of the Dubuque Express and Herald has received specimens of the so called gold from Audubon county, which turn out to be simply sulphate of copper, and will not pay for the cost of the assay. The man upon whose farm they were found is willing to sell for a thousand dollars an acre. We believe very small quantities of gold have been found in Iowa, but it is very likely that the discovery of the mine in that State is a piece with those in Audubon county.

A Quaker Joke.—The Quaker President of a Pennsylvania railroad, during the confusion and panic last fall, called upon the W. Bank, with which the road had kept a large, regular account and asked for an extension of a part of its paper, falling due in a few days. The bank President declined rather grudgingly, saying in a tone commensurate with that fraternity.

Mr K.—your paper must be paid at maturity. We cannot renew it!
Very well, the Quaker replied, and left the Bank. But he did not stop there. On leaving the Bank he walked quietly over to the depot and telegraphed all the agents and conductors on the road to reject the bills on the W. Bank. In a few hours the trains began to arrive full of the panic-stricken Quakers, and the money market was in a state of confusion. The President of the bank, who had been in the line of the road, Stockholders & depositors flocked into the bank, making the panic inquiry, What's the matter? Is the bank broke? A little inquiry by the officers showed that the trouble originated in the rejection of the bills by the rail road. The President seized his hat and rushed to the Quaker's office, and came bustling in with the inquiry.

Mr K.—have you directed the refusal of our currency by your agents?
Yes.
Why this? It will ruin us!
Well, friend L.—I supposed that bank was about to fail, as they could not renew a little paper for us this morning.

It is needless to say Mr L.—received all the Quaker paper, and enlarged his line of discount, while the money market was in a state of confusion, to every agent the seductive message, "The W. Bank is all right. Three may make a mockery of a single one."

An empty sound—that of a railway whistle when you are just too late for a train.

A fellow boasted that he had a brother who was a revolutionary hero. It came out that the person spoke of was long on the treadmill. Why is a man who carries a watch invariably too late in his appointments? Because he is always behind the time of day.

A dry old genius once undertook to name and classify the different sort of holes in this world. The ordinary hole he called a hole, and the hole in a wall he called a hole. The hole in a man's head he called a hole, and the hole in a man's pocket he called a hole. The hole in a man's pocket he called a hole, and the hole in a man's pocket he called a hole.

SATURDAY, JULY 31, 1858.

Hon. R. J. Dawson a Candidate for Judge.

Who shall we nominate for Congress.

We were a little surprised on Wednesday by the reception of a dispatch announcing that Mr. Dawson had consented to be a candidate for Judge of the 10th Judicial Circuit. We had understood that he was a candidate for Congress and that impression seemed to be general. In fact it seemed to be conceded that he was the candidate, and that there would be no opposition to his nomination. The Delegates to the Congressional Convention from this county were nominated with this express understanding. It is coming out now for Judge, and not for Congress, has excited considerable astonishment.

This morning we received the DeKalb Co. Democrat, containing a circular from Mr. Dawson, in which he states that he has yielded to the desire of his friends of the Democratic party, in fact of all parties, and "will not feel at liberty to decline a nomination, if tendered with a hearty good will at Kendallville, on the 13th of August next." We think his course on this occasion is ill-advised, and will result in disappointment. There could have been no doubt of his nomination for Congress, but we think his chance for the Judgeship extremely problematical, and of the opinion that he will be beat by Mr. Carter.

The question now is, who shall we nominate for Congress? There are, we believe, no candidates in Allen Co. nor have we heard of any one elsewhere prominently brought forward. Mr. Graves of Kosciusko Co. has been spoken of, and if he would accept the nomination, he would receive the hearty support of Allen Co. He is a worthy and able man, and a thoroughbred, dyed-in-the-wool democrat, which is no small merit in a man living in such a benighted (politically) region as Kosciusko County.

From Honolulu.—We have received a Honolulu paper of the 27th May, from which we learn that the Hon. J. W. Borden, U. S. Commissioner to the Sandwich Islands, arrived safely at that place on Thursday, May 20th. On the following Tuesday he presented his credentials, and was received in due form by his most respected Majesty King Kamehameha. On the same evening the American residents formed a torch-light procession and called upon Judge Borden, and Mr. Gregg, his predecessor. Complimentary speeches were made on both sides, and duly reported in the papers. The clergy of the island made a complimentary visit to the new Commissioner and paid their respects to him. His reception thus far has been highly flattering.

On the day of the arrival of the Hon. Commissioner, we notice by the Honolulu papers that his most respected Majesty the Queen was safely delivered of a son and heir—a royal prince—an event which caused quite an excitement in diplomatic circles, and was duly honored by official calls, congratulatory addresses, presents, &c. The auspicious event is commented upon in most glowing and loyal terms by the papers. Since the birth of the Prince Imperial of France, we have not seen anything quite equal to the ceremonies observed on this most august and interesting occasion.

Hon. Wm. Black has been unanimously re-nominated for Congress by the democrats of the 11th Congressional District.
JOHN W. BLAKE, of Clinton Co. is nominated by the democrats of the 8th district.

Met with his just Deserts!—The republican convention for Ohio and Switzerland counties, nominated Benjamin L. Robinson for Senator, over Col. Pepper, renegade democrat, only giving the latter 3 votes! Verily the way of the transgressor is hard. Poor Pepper was induced by the republicans to come out in opposition to the democratic candidate, by promise of support, and now they unfeigningly throw the poor fellow aside, and only give him 3 votes for nomination. His fate is hard, but it is just, and what all traitors ought to meet with. May he serve as a warning to others.

Pittsburgh, Fort Wayne & Chicago Railroad.

The Pittsburgh, Fort Wayne and Chicago Railroad Co. have reduced their rates of fare on through tickets from Chicago to New York, says the Gazette and Register, from twenty three to twenty dollars, making the same as low as that of any other route. We believe a large increase or through traffic will warrant this reduction, which the action of compelling routes has made imperative. Connected with that splendid monument of the Engineer's skill, and living evidence of excellent management to the part of its Officers—the Pennsylvania Central, to Philadelphia, and the New Jersey Railroad Company's to New York—being by far the shortest route in the actual number of miles run, and possessing in its ample equipment, easy carriages, and stone ballasted road, a great superiority in attraction to the traveler, over that of its competitors we believe that an unusual degree of patronage on the part of the public will attest the wisdom and judiciousness of this recent action on the part of this road. Passengers are ticketed through from Chicago to New York over this route only.
The earnings of the Pittsburgh, Fort Wayne and Chicago Railroad for the month of June were about 104,000.
G. W. Cass Esq. has resigned the Presidency of this road, and J. Edgar Thompson, best elected to supply the vacancy.

Free School Pic-Nic.

The Free School Pic-Nic on Tuesday last was well attended, and every thing went off harmoniously and satisfactorily. Not a single accident or unpleasant feeling occurred to mar the pleasure of the day. At eight o'clock, precisely, two large trains, numbering 20 cars, well filled with passengers of all ages and conditions, left our depot for Warsaw. At Columbus about 100 additional passengers joined the party, and after a pleasant ride of about two hours and a half the whole arrived at Warsaw, where they were met and welcomed by a large concourse of the citizens of that pleasant and thriving village. The party then proceeded to a fine shady grove adjoining the town, and commenced the day's proceedings, a programme of which will be found below. Hon. S. Hanna, was appointed President of the day. A number of short and pithy speeches were made by citizens of Fort Wayne and Kosciusko County, advocating the cause of public education. The committee had prudently limited the speakers to ten minutes each, by which judicious arrangement the attention of the audience was secured, and they were spared the fatigue and weariness of listening to long and tedious harangues.

The speeches were all excellent and equally deserving commendation; but without wishing to make an invidious distinction, we feel it to duty especially to commend the one made by Master Charles McCulloch, one of the students of our free school, for the facts and arguments it contained, the beauty and excellence of its language, and the ease and grace of its delivery, would have been creditable to the ablest and most experienced public speaker on the ground. The exercises were agreeably diversified by martial music, and singing by the school children, and Summit City Harmonic Society, and the Warsaw Glee Club.

At noon a recess was taken for dinner. The company dispersed into little groups, and snugly ensconced themselves in the shady recesses of the grove, brought into requisition a store of well filled baskets, &c. and did full and ample justice to their sumptuous and varied contents. All had provided themselves bountifully, and we venture to say that none ever enjoyed a meal better than they did that picnic under the trees in that beautiful grove.

After the exercises were concluded, time was allowed for a stroll through the town and along the margin of its charming lake. The company then returned to the cars, and about 8 o'clock all arrived safely at Fort Wayne, much delighted with the trip. Gen. Kilsall acted as Chief Officer of the day, and to his active exertions and judicious arrangements much of the satisfaction felt may justly be attributed.

The following is the programme of the proceedings had on the occasion:

Reception Speech by Hon. — Runkin, of Warsaw.

Response by Judge Hanna, of Fort Wayne.

Prayer by Rev. Mr. Stabler, of Warsaw.

Song by Free School.

Speech by Mr. G. A. Irwin, Superintendent of Free School.

Speech by Hon. Wm. Blackhill.

Song by Free School.

On motion, Hon. Charles Cass, Dr. C. E. Sturge, and Dr. H. P. Ayer were appointed a committee to prepare resolutions expressive of the sense of the meeting.

And then, after a song by the Warsaw Glee Club, a recess was taken for dinner.

After dinner, the committee reported the following resolutions, which were unanimously adopted:

Resolved, That we, the citizens of Indiana, hold that the education of all the children in the state, is the only safeguard to perpetuate our religious liberty and free institutions; for which we demand the intelligent action of all her citizens.

Resolved, That we recognize the present demonstration of interest in the education of the rising generation, as indicative of a day when every son and daughter of Indiana shall be thoroughly educated.

Resolved, That we will endeavor to establish schools, which shall be free to all—all grades, classes, and conditions; and to secure such results, will direct our untiring efforts.

Resolved, That the citizens of Fort Wayne gladly welcome to the festivities of this occasion, the citizens of Warsaw, and other participants, hoping that they may soon have established schools of the best grade and highest order.

Resolved, That we highly approve the action and efforts of the former and present Trustees, in their efforts to establish our free schools.

Resolved, That we highly approve of the systematic government of the superintendent, Mr. G. A. Irwin, and his efficient corps of teachers.

Resolved, That the Free Schools of Fort Wayne are justly ranked as its proudest evidence of progress and advancement.

Resolved, That the hearty welcome to which we have been received by the citizens of this county, is fully appreciated and will be gratefully remembered.

On motion, the following were appointed a committee to solicit subscriptions for the purpose of keeping up our present school; Messrs C. H. Sturge, L. C. Cass, Rev. R. D. Robinson, Hon. S. Hanna, D. L. Beavers, P. Bailey, J. Cochran.

Dreadful Catastrophe.—On Thursday afternoon last a dreadful accident happened at our depot, resulting in the death of Mr. Virg, of the firm of Alexander & Virg, extensive cattle dealers in Springfield, Illinois. Mr. Virg was on his return home from New York, where he had been disposing of a drove of cattle, and was passenger on the Toledo, Wabash & Western train. In endeavoring to get on a car while the train was in motion, he fell on the track; the wheels passed over his left arm, breaking it above the elbow, and he received a fatal injury in the spine from a blow of the brakes. He was immediately taken to the Mayor's House, where every attention was shown him; but human aid was in vain, and after lingering in agony until 11 o'clock the same evening he expired. He is spoken of as a business man of irreproachable habits, extensively engaged in the stock trade, and having a large circle of warm friends, to whom the news of his melancholy death will be a source of deep affliction.

Bogus Banks.—A report made by an investigating committee of the Pennsylvania Legislature shows some very interesting facts, and exposes the manner in which bogus banks are started to swindle the community.

The Legislature in 1857 chartered the Tioga Co. Bank, the stock of which was taken by a gang of Buffalo financiers, Messrs Wabridge, Thayer, and Brawley, who soon managed to discount to themselves the amount of \$89,000. The same parties, then took the Tioga money, this borrowed and started the Bank of Crawford Co., which now has a specie base of \$2,796 to redeem

an outstanding circulation of \$34,051; its discounts amounting to \$127,017, chiefly to parties living out of the state. The same parties also took the stock of the Seneca Bank, paying for it in the Tioga notes, and speedily discounted to the amount of \$79,000 to two parties in New York. The circulation of this concern amounted to \$200,000, and its cash to \$23,271. Notes of this bank to the amount of \$2,000 were used to pay a first instalment of stock for the McKean Co. Bank; and an attempt was also made to take stock in a new bank at Pleasantville with Tioga money, but the commissioners objecting, the subscription was withdrawn, and the speculation fell through.

This shows up a very pretty specimen of Wildcat finance, and should put the public on their guard against speculators in Bogus Banks. The Editor of the Republican, in his efforts to prove that the democratic party, within the past 25 years, had been bank and anti-bank, tariff and anti-tariff, having unwittingly demonstrated the very reverse, and shown that it had been uniformly anti-bank and anti-tariff, is now willing to drop the subject, and tacitly acknowledge its falseness of the charge. He now asserts that the democratic party is an "intensely pro-slavery party." Let us have the proof of this, neighbor, and see if you can succeed any better than you did in your former efforts.

State Bank Notes.—James M. Rye, Cashier of the State Bank of Indiana, gives notice through the Indianapolis papers that on the first day of January next the charter powers of the State Bank of Indiana cease, and no provision for the redemption of the notes of the Bank which may be left outstanding has been made.

All persons are warned of such an expiration of the charter of the Bank, and to present all the outstanding circulation to the proper branches, without delay, for redemption.

DANIEL MADER has bought out the establishment of J. B. White, tailor and draper, over Evans & Co's Store, and is ready to attend to all calls from those wishing to order the outer man with neat, fashionable, and well-fitting garments. He is a good workman, warrants to do his work in the best and most thorough style, and will in all cases make his charges as low as possible. He deserves public patronage, and his customers will doubtless find they save money by employing him.

At a meeting held by the democracy of St. Joseph township, at the Centre School House, on the 24th day of July, 1858, for the purpose of appointing delegates to the County Convention, JOSEPH CHORPENING was appointed President, and G. W. BRACKENRIDGE Secretary. The following were appointed delegates to said convention: Stephen Shorden, J. Sappington, G. W. Brackenridge, Wm. Rossington, P. Parker, Casper Kerr, M. C. Daniels.

And the following were appointed contingents: Stephen Sithens, August Bloom, and Richard Jaasen.

Presentation of the U. S. Commissioner.

On Tuesday last, Hon. D. L. Gregg walked on the May for the purpose of presenting his successor, as Commissioner of the United States the Hon. James W. Borden.

Having congratulated His Majesty upon the happy advent of the young Prince of Hawaii, he alluded in complimentary terms to Mr. Borden, and concluded by presenting him as Commissioner of the United States.

His Majesty replied to Mr. Gregg.

Mr. Borden then addressed the King:

"I am assured that the stability of Hawaiian institutions, and the advancement and prosperity of the Hawaiian people. Referring to his predecessor, he said he hoped he might be fortunate enough to equal him in the discharge of the duties of his new position. No one had a greater respect than himself for His Majesty, or a more ardent desire to perpetuate the friendly relations existing between the United States and the Hawaiian Kingdom. On all proper occasions, he should zealously use his best exertions to promote the mutual welfare of both countries. In so doing, he should best discharge his duty and secure the approbation of the President. He then concluded by offering his congratulations upon the birth of the Prince Royal.
